EDUCATION

East West University

BSc in Computer Science and Engineering, Major in Data Science

Dhaka, BD

September. 2019 – December 2023

Milestone College

General Science

Dhaka, BD

June. 2016 – June 2018

EXPERIENCE

Full Stack Developer

GETSVIEW

June 2016 – Present

Gazipur, BD

- Developed full-stack web application using NodeJS, React/NextJS, MySQL and Docker to analyze Product Data
- Developed a REST API using NodeJS and MYSQL to store data scrapped from various web sources
- Developed websites using WordPress, designed landing pages, and deployed them on Cloud Hosting (AWS EC2, DigitalOcean)
- Explored ways to visualize data, keywords analysis and search engine optimization (SEO)

E-commerce Entrepreneur

GETSVIEW Market

Sep. 2018 – Present

Dhaka, BD

- Implement inventory control strategies to maintain optimal stock levels and meet customer demand
- Develop and execute product sales and marketing strategies to drive revenue growth
- Cultivate and manage strong relationships with suppliers to ensure a reliable product pipeline.
- Provide exceptional customer service to build trust, loyalty, and positive brand experiences.
- Oversee the entire order fulfilment process from placement to final delivery.

Sub-Executive - Branding, Marketing, and Organizing

Pathchakro Club East West University

September 2022 – May 2024

Dhaka, BD

- Collaborate with club leadership to develop and implement branding initiatives that promote club activities and events.
- Managed the club's online presence through social media platforms and content creation to enhance brand awareness.
- Craft and execute marketing strategies to attract new members and increase participation in club activities.
- Planned and organized club events and activities to foster a sense of community and engagement among members.

PROJECTS

EWU ALUMNET | JavaScript, NodeJS, React (NextJS), MySQL, GitHub

January 2024 – Present

- Developed East West University Alumni management system with job posting, event creation, and global alumni map facilities.
- Developed a full-stack web application using NodeJS serving a REST API with React (NEXTJS) as the frontend
- Implemented token (JWT) based authentication systems along with email confirmation, and role-based access control system
- Created alumni map (cluster) using OpenStreetMap and leafletJS
- Deployed it on the shared hosting server after creating a CI/CD pipeline for it.
- [Live Link: Alumnet](#)

SkillUP | *JavaScript, NextJS, TailwindCSS, NodeJS, MySQL, NodeMailer, Git*

May 2023 – September 2023

- Developed an E-Learning Management System (LMS) using NodeJS, and React to revolutionize the way we learn by providing a dynamic and usercentric platform
- Separate dashboards for students, teachers, and admin
- Implemented group chat system using socketIO
- Designed beautiful UI for the landing pages using Adobe XD and then transformed the design into responsive web pages
- Integrate Personal course history, achievements, certificates, quizzes, PDF reader and video player
- [Source Code: GitHub](#)

Bariwala | *JavaScript, NextJS, NodeJS, MySQL, TravisCI, Git*

May 2018 – May 2020

- Developed a smart solution for landlords to remotely manage their properties and tenants
- This system helps tenants (users) to find a perfect home nearby, pay monthly rent online, and complain issues directly to the owner
- Separate dashboards for both landlords and tenants, also dashboard for admin
- Smart property management with adding building information, flats/rooms, and facilities, post ad for to-let
- Admin dashboard for managing landlords, manage subscriptions, and analyze payment history
- [Source Code: GitHub](#)

TECHNICAL SKILLS

Languages: JavaScript, Python, C/C++, Java, PHP

Frameworks: React, NextJS, Node.js, Laravel, WordPress, Strapi, Scikit-learn, TailwindCSS and Bootstrap

Developer Tools: Git, Docker, VS Code, Jupyter Notebook, Thunder Client, AWS Cloud Platform, Linux (Any Distro),

Libraries: Pandas, NumPy, Matplotlib

ACHIEVEMENTS

Finalist: Selected for the final round of Robi Datathon 3.0, the nation's top data-crunching competition.

2nd Place: Nailed 2nd place in the Web Development Competition at the Adamjee Cantonment College IT Carnival.

Runner Up: Placed as the runner-up in a web debugging competition hosted by the Saint Joseph College IT Club.

CERTIFICATIONS

Web Developer | *Uttara InfoTech*

2016

- Acquired proficiency in both static and dynamic web development through the mastery of HTML, CSS, JavaScript, and PHP.
